Dear Mr. Vaucrosson:

I want to pledge the support of the Office of Premier toward your effort to energize the country for Earth Hour 2009. I believe it is a nationally beneficial endeavour.

I expect we'll have to communicate further to discuss the specifics outlined in your proposal in terms of the precise expectations we are capable of meeting. Nonetheless, I hope this early commitment of support will encourage others in our community to similarly back the work of Greenrock toward Earth Hour 2009.

I will pass along your Earth Hour 2009 proposal to Charles Brown, director of our Sustainable Development Unit. By copy of this correspondence I'm asking him to be coordinator of this Office's participation in concert with the Ministry of Energy, Telecommunications and E-Commerce. Director Brown will be my point person on this initiative.

I look forward to helping produce a strong result for Earth Hour 2009.

Sincerely,

A handwritten signature in black ink, appearing to be 'E. Brown'.

Premier and Minister of Tourism & Transport
