## ENHANCE YOUR HOME'S VALUE AND SAVE MONEY WITH A SOLAR POOL PUMP

Did you know that you could use solar-electric power to circulate the water in your swimming pool and save money at the same time?

A pool pump is often one of the largest consumers of electrical power in your home. A solar pump offers a practical and cost-effective alternative to reduce your monthly power bill, while also helping to save the planet.

### ENJOY THE SAVINGS

<b>\$9,500</b>	<b>\$1,300</b>	<b>7.3</b>
average cost to install a system required for a 30,000 - gallon pool	approximate annual saving on your electric bill	years to recover your investment

### PRICELESS

freedom from algae, maintenance, pollution and additional energy charges
