**Reference: Earth Hour 2009**

Dear Mr. Vaucrosson,

On behalf of the Mayor of Hamilton, I would like to confirm that the Corporation of Hamilton would be pleased to participate in Earth Hour 2009.

I would like to name my assistant, Ms. Zoë Mulholland as the Corporation representative at your meetings going forward. She will update those relevant persons within the Corporation on matters arising at those meetings.

In regards to how the Corporation can contribute, I will have to meet with my engineers and superintendents as to what extent we can extinguish the city lights. Our priority has to be the health and safety of those people within the city limits during Earth Hour.

The Corporation looks forward to being a part of what is a wonderful initiative by you and your team to build awareness about the escalating climate crisis.

Yours sincerely,

Ed Benevides  
Secretary
